THE AVIATION INDUSTRY

A GLAMAROUS AND THRIVING INDUSTRY WHICH ALLOWS THE INDIVIDUALS TO EXPLORE NEW DESTINATIONS AND CONNECT WITH THE WORLD.

Numbers don't lie. More than 4 billion people will travel by air in 2019-2020 to visit friends and family, explore new cultures, and negotiate business deals. The demand for air travel is such that some 63 million aviation jobs are supported globally by the industry.

Aviation in coming year will connect the global community by transporting more than 4 billion passengers and over 50 million tons of cargo. The \$ 2.7 trillion* in GDP generated by air transport is critical to the global economy.

All this is made possible by a dedicated workforce of more than 9.9 million aviation professionals around the world. Aviation is a dynamic and growing industry. So, it is important that today's aviation professional and tomorrow's industry leaders have the right training needed to keep pace with the latest advances in global standards, best practices, regulations and technology.

These are the pivotal points for INSPIRE's association with Global Aviation S.A. and INSPIRE's training program which supports aviation industry in delivering ever more safe, sustainable and efficient environment.

To ensure these big numbers are not just maintained but surpassed in future generations, recruitment and training must keep up with the growing demand. Accommodating and providing best customer services to these increasing passenger figures won't be easy. That's where INSPIRE Training comes in. SMEs, Qualified Trainers, Individual staff expertise and modern delivery methods makes INSPIRE the ideal choice for starting or enhancing your career in aviation.

Aside from Pilots, Aircraft Maintenance Engineers, Cabin Crew, Ground Staff, Safety Auditors, Security Specialist, Cargo and Dangerous Goods Experts, Reservation & Ticketing Staff and many, many more critical roles serve this industry. INSPIRE's unique insight as the industry's most comprehensive training provider ensures each student and each course benefits from high quality, innovative training solutions, generating value for the industry and locking in the global standards that make aviation such a success story.

The upcoming FIFA world cup 2022 being hosted by Qatar creates lot of job and business opportunities for the locals and expats. Aviation is globalization at its very best. It helps people to live better lives. It is the business of freedom and working for the aviation industry is a completely different experience. INSPIRE Training Academy is committed to train the aviation professionals of tomorrow. We are taking a solid stand for innovation, creativity, quality and making a commitment to continuously improve and deliver better results

Enroll now with INSPIRE TRAINING ACADEMY and turn your dreams into reality.

I look forward to seeing you in one of our classrooms.

About Us

Inspire Training Academy is your gateway to a new learning experience and building opportunities in the future, to pave a path to your success. We are one of the premier professional training institutes in Doha, Qatar with state-of-the-art training facility.

The biggest and the best training facility situated at the best location of Doha, Qatar. We bring in a new dimension and enhanced dynamism in the impartation and gaining of knowledge. Our standards are top-notch, and we offer premium training and consultancy services with a unique curriculum, education and innovative training programs.

Making the decision to become a pilot is an exciting and inspiring move. Our team of experts are here to help and guide you each step of the way. From accommodation to transport, from obtaining your visa to flexible payment plans, we believe that we can offer you the best learning experience with our pilot training course in collaboration with established flight training schools and aviation experts in Greece. Inspire Training Academy, Doha Qatar will provide you with not only a solid foundation in all the critical areas of flight skills, but will also teach you how to work effectively in the constantly changing environment of the skies.

CIVIL AVIATION AIRPORT OF PACHI, MEGARA (LGMG)

GROUND SCHOOL BASE ATHENS, GREECE

The Ground School Base, along with the Aircraft Sales Division, is located in 98 Athinon Avenue Building, Athens, Greece. The 6-story building includes classrooms, meeting rooms, lounge areas, as well as administrative staff offices, the Marketing & Public Relations Department and the Admission's office for the Cabin Crew. All Ground School classes, as well as the ICAO Level 4 English Language Proficiency Test examinations take place in the Headquarters building, Athens. Situated only a few minutes away from the center of the city, the Headquarters are easily accessible via Athens road network and public transportation.

FLIGHT SCHOOL BASE

Airport Base is located in the Civil Aviation Airport of Pachi, Megara and includes the Flight Training Base. Flight Training Base includes briefing and flight planning areas, pilot lounge area, the offices of the Head of Training and the Chief Flight Instructor, as well as the Admissions' office for potential pilots. The Maintenance Base, including the maintenance, hangar and CAMO offices are also based in the airport.

CIVIL AVIATION AIRPORT OF PACHI, MEGARA (LGMG)

The Maintenance Centre provides top-quality aircraft maintenance solutions and is certified by the HCAA to offer maintenance services for single and multi-engine piston airplanes, as Maintenance Organisation EL.MF.0004 & EL.MG.0039

Airport Base is only 40 km from the center of Athens and is easily accessible via highway and Athens' suburban Railway.

THE FLEET

Our Ground School Base, along with the Aircraft Sales Division, is located in 98 Athinon Avenue Building, Athens, Greece. We use only the world's most famous trainers, Piper Aircraft. Students have a unique opportunity to train on a variety of new aircraft, all equipped with latest technology avionics. Our fleet is comprised of single engine piston PA-28 Warriors, and multi-engine pistons PA-44 Seminole.

Dependable and resilient with responsive handling, **Piper Warrior** upgraded with advanced avionics is the ideal aircraft for the demands of student pilot training. The Piper Seminole, equipped with glass cockpit avionics, has clearly established itself to be the best multi-engine trainer available today.

The majority of the demanding instrument training is conducted on FNPT II flight simulators. Our associate flight school owns and operates Elite FNPT II and Simnest A320 FNPT II MCC flight simulators.

EVOLUTION S923 FNPT II MCC / ELITE EVOLUTION S812 FNPT II

The Elite Evolution S923 FNPT II MCC and S812 FNPT II simulate two types of aircrafts, a Generic Multi Engine Piston based on Piper-Seneca III PA-34-220T (FNPT II model), and a Generic Multi Engine Turboprop based on Beech King Air B200 (FNPT II MCC model).

SIMNEST A320 FNPT II MCC

The APS ready FNPT II MCC Simulator by Simnest is based on the Airbus A320. The simulator introduces the Fly-by-wire logic and the ECAM systems to our cadets, while learning to operate in a Multi-Crew environment. The simulator delivers a high quality of training and provides a strong base for the next step of a cadet's career, the Type Rating.
