

AIR CARGO SECURITY

AIR CARGO SECURITY

Prepare your business to meet the latest cargo security regulations

Recent air freight terror plots have triggered authorities to address vulnerabilities in the cargo chain and tighten regulations around the world.

Emphasizing threat assessment and planning techniques, this course helps air cargo businesses face the new challenges of regulatory compliance.

Learn common industry practices and how to apply them in your operations using hands-on simulations and exercises.

Who Should Attend:

This course is recommended for security staff and management from:

- ❖ Airline cargo departments
- ❖ Air cargo service providers
- ❖ Security service providers
- ❖ Police and customs authorities
- ❖ Civil Aviation Authority representatives
